

Nabta Health

QSTP Startup Ecosystem

Position: Frontend Software Engineering Intern

Duration: 12 Weeks (Summer Cycle)

Commitment: Part-Time (20 hours/week)

About Us

Nabta Health is a QSTP-incubated startup dedicated to revolutionizing digital healthcare workflows in the MENA region. We are looking for a passionate engineering intern to join our agile development team.

Role & Responsibilities

- Assist in the development of patient-facing web dashboards.
- Translate UI/UX wireframes from Figma into functional code.
- Write clean, maintainable, and well-documented code.
- Participate in daily stand-ups and sprint planning sessions.

Required Skills

- Pursuing a degree in Computer Science at a university in Qatar.
- Proficiency in JavaScript and modern frontend frameworks (React preferred).
- Understanding of responsive design (Tailwind CSS/Bootstrap).
